

Synchronisation de fichiers

- [FreeFileSync](#)
- [EchoSync](#)

FreeFileSync

<https://freefilesync.org/>

The screenshot displays the FreeFileSync application window. The main interface is split into two panes for comparison. The left pane shows the source folder 'C:\Users\Zenju\Desktop\Work' and the right pane shows the target folder 'Y:\Work'. Both panes list files with their relative paths and sizes. A central column of icons indicates the synchronization status for each file. The status bar at the bottom shows '2,875' files and '12,7 MB' of data. The 'Synchronize' button is highlighted in green.

Relative path	Size	Relative path	Size
1 archive.zip	2.513	changed.rtf	2.326
